

100W High Power LED Flood Light

Available in 5000K Cool White

Prolite's new range of LED floodlights offer an energy saving alternative to both Halogen and Metal Halide floodlights suitable for many applications from car parks to petrol stations where flood lighting is a must. Offering an impressive 40,000 hour lamp life this range offers a no maintenance solution to flood lighting requirements.

- Tough die cast aluminium housing
- Cool white light output
- IP65 rated for outdoor use
- CRI > 80
- Input voltage AC - 85 – 265V

Security Option

These units have the ability to run automatically at 50% power (further energy savings) until a motion sensor is triggered. At that point the chosen floodlights will then run at full power for a specified time duration, then will revert back to the 50% maximum energy saving mode for the duration of the night.
