

# FUNKY FILAMENTS

## ST64 Crackle LED Dimmable Really Warm White

The crackle glazed 4W ST64 LED filament lamp offers the same features as our standard 4W ST64 LED filament lamp. In addition to this the lamp is fully dimmable. Suitable for virtually all applications in the home, hotels, bars and restaurants. The lamp has a 1800K colour temperature to give a really warm white for a cosy feel and has a decorative mirrored crackle effect which gives an attractive light with interesting shadows. The crackle glazed lamp is an ideal replacement to traditional 25W / 40W incandescent ST64 'Squirrel Cage' bulbs.

- Fully dimmable, recommended for use with a V-Pro dimmer
- Glass envelope
- Average life 25,000 hours
- Operating voltage: 240V
