

# Helix 30W Compact Fluorescent

Available in Warm White and Daylight White

## Ultra Bright Energy Saving Lamps

A highly efficient lamp, designed to give an even output of 360° of the lamp surface, the innovative helical design is the ultimate in even shadow free lamp distribution. Ideal where high light output is required. Even output of light ensures an attractive appearance in applications utilising shades. Available in 2700K warm white and 6400K daylight white colour temperatures.

- Average life 10,000 hours
- Power factor 95%
- Colour rendering 80RA
- Switching cycles >20,000
- Time to 60% brightness <10 secs
- Mercury content <1.2mg
